Admissions Policy

Clonturk Community College

CDET B in partnership with Educate Together

Opening in September 2016, City of Dublin Education and Training Board will be the Patron of the College and Educate Together the Trustee Partner. Clonturk Community College is to be co-located in the building currently occupied by Plunket College, Swords Road, Whitehall, Dublin 9. The new College will open with an expected First Year intake of 75 students

Our vision for the College is of a welcoming and vibrant school community in which all members will experience a real sense of active participation and belonging. The College aims to provide an education for students that contributes both to their personal development as well as to the social, economic and cultural development of their community. The College will be equality based, co-educational, learner-centred and managed on democratic principles.

Students will be enrolled in the College for the 2016/2017 school year on a first come first served basis.

The College operates within the regulations laid down by the Department of Education and Skills and follows the curricular programmes prescribed. This Admissions Policy was developed in accordance with the provisions of the Education Act, 1998, the Education Welfare Act, 2000, the Equal Status Act, 2000 and the Education of Persons with Special Needs Act, 2004.

Criteria for Admission

All applicants to the school must be eligible for a place in a post primary school. Applicants must have reached twelve years of age by January 1st of their first year in Clonturk Community College, which is 1st January 2017.

Applicants must have completed a primary school programme including 6th Class, or equivalent, before taking up a place in the school.

Application forms for the 2016/2017 school year will be available from 26th January 2016. The closing date for receipt of applications for the school year 2016/2017 will be 12 noon on 1st March 2016.

The School Management will determine the number of first year students to be enrolled each year and the number of class groups to be formed. The Principal reserves the right to assign students to classes throughout the school.

Special Educational Needs

Clonturk Community College welcomes applications from students with special educational needs (SEN). The application process for a pupil with special educational needs will be the same as that of any other applicant. However, in order to assess the needs of an SEN student, the school authorities will meet with the parents/guardians to discuss the pupil's needs and the school's ability to meet those needs. A copy of the student's educational, medical, or where appropriate psychological reports will be requested prior to enrolment. Clonturk Community College will strive to ensure that an education appropriate to their needs is provided for pupils with special educational needs and will seek to:

- Identify the needs of pupils in advance
- Acquire the necessary resources
- Do all that is reasonable to accommodate the needs of a person with a disability by providing special treatment or facilities if required

If special resources are required, it may be necessary to defer enrolment until these are provided by the Department of Education and Skills, or other statutory body as appropriate.
