Student Feedback

It is really nice. They are caring and they help me a lot if I have any problems

I've made many friends along the way so far and I'm really enjoying having the iPad for helping to study, research and interact during class and at home.

We are very close as a group

I was very nervous coming in but then it was very welcoming

I like the way we can communicate and connect with the teachers

It is a positive, happy place

In this school I really like how I can express myself through my clothes and hair

100% of students said they feel cared for in Clonturk CC

100% of students said they are happy in Clonturk CC

It's different from my old school, but I'm enjoying it! At first it is hard getting used to the new rules like calling your teachers by their first names and wearing no uniforms, but after a while you get used to it!
